

# GB EFFECT MICROTECH CS

**STATUTORY CONDITIONS OF APPROVAL RELATING TO USE. FOR USE ONLY AS AN INSECTICIDE.  
FOR USE ONLY BY PROFESSIONAL OPERATORS.**

**Application rate:**

**large infestation:** - non-porous surfaces (wood, glass, ceramics): dilute 100 mL of Effect MicroTech CS into 5 L of water. The solution is appropriate for use on 100 m<sup>2</sup> of surface. - porous surfaces (concrete surface): dilute 125 mL of Effect MicroTech CS into 5 L of water. The solution is appropriate for use on 100 m<sup>2</sup> of surface.

**small infestation:** - non-porous surfaces (wood, glass, ceramics): dilute 25 mL of Effect MicroTech CS into 5 L of water. The solution is appropriate for use on 100 m<sup>2</sup> of surface.

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

**READ ALL PRECAUTIONS BEFORE USE. HSE No.: 9401**

**Insecticide for professional use against crawling insects such as cockroaches (*Blattella germanica*, *Blattella orientalis*) and ants (*Lasius niger*) indoors and outdoors. To avoid risks to man and the environment, comply with the instructions for use.**

**EFFECT:** The preparation includes tetramethrin, permethrin and PBO. Tetramethrin has a fast-working effect (Knock-down effect), while permethrin incorporates an extra residual effect, and PBO increases the preparation effectiveness paramourntly. The product affects the insect's nervous system – works quickly upon contact and/or when ingested. It has an exceptionally long-lasting effect, even up to 6 months, which is a result of the special microcapsule membrane that enables a slower release of the active substance. In addition, the capsules also stick to the insect's body and thus significantly increase the efficiency of the insecticide. **DIRECTION FOR USE:** Insecticide for professional use against crawling insects such as cockroaches (*Blattella germanica*, *Blattella orientalis*) and ants (*Lasius niger*) by application to cracks, crevices, porous surfaces (e.g. concrete) and non-porous surfaces (e.g. wood, glass, ceramics), and can be used in private as well as public areas, transport vehicles, waste storage containers, animal transport vehicles and their living quarters, in industrial food storages and storage compartments and in the buildings' surrounding area. Efficiency is achieved within 48 hours. The product is indert for use immediately after preparation. Shake product before use. Spray on insect-infested areas, in wall cracks, on wall edges, and in all hidden places. After use avoid the treated surfaces. **FIRST AID: General measures:** Never give anything by mouth to an unconscious person. **Skin contact:** Take off all contaminated clothing. Wash thoroughly with plenty of water and soap! If symptoms persist seek medical attention. **Eye contact:** Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Seek medical help. **Inhalation:** Remove patient to fresh air-move out of dangerous area. If symptoms occur it is necessary to search for medical help. **Ingestion:** Do not induce vomiting. Rinse mouth with water. In case of doubt or if feeling unwell seek medical help. Show the physician the Safety Data Sheet or label.

**DISPOSAL OF UNUSED QUANTITIES AND THE PACKAGING:** Waste chemical; Disposal must be made according to official regulations: to leave it to authorized collector/remover/transformer of hazardous waste. **Packaging:** Completely emptied container dispose according to regulations. **STORAGE:** Keep in cool and good ventilated area. Keep away from food, drink and animal feedings stuffs. Keep out of the reach of children. When stored in a dry place at ambient temperature Effect MicroTech CS has a shelf life of 2 years.

**Date of production, date of expiry and batch no.:** on the packing. **CONTAINS:** 500 ml

**Formulation:** Microencapsulated concentrate (CS).

**Contains:** - Permethrin (ISO) 8% (80 g/L) numer CAS: 52645-53-1,  
- Tetramethrin (ISO) 4% (40 g/L) numer CAS: 7696-12-0,  
- PBO – piperonyl butoxide 8% (80 g/L) numer CAS: 51-03-6

**Warning:** May cause an allergic skin reaction. Suspected of causing cancer. Very toxic to aquatic life with long lasting effects. Do not handle until all safety precautions have been read and understood. Avoid breathing dust/fume/gas/mist/vapours/spray. Contaminated work clothing should not be allowed out of the workplace. Avoid release to the environment. IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Dispose of contents/container in accordance with national regulation.
